Wei-Chen Chen

E-mail: wccsnow at gmail dot com
Website: http://snoweye.github.io/

EXPERIENCE

U.S. Food and Drug Administration, USA.

- 08/2016–present, Mathematical Statistician, Center for Devices and Radiological Health.
- 08/2014–08/2016, ORISE Fellow, Center for Biologics Evaluation and Research.

Department of Ecology and Evolutionary Biology, University of Tennessee-Knoxville, USA.

- 09/2013–07/2014, Postdoctoral Associate.

Computer Science and Mathematics Division, Oak Ridge National Laboratory, USA.

- 08/2011–08/2013, Postdoctoral Research Associate.

Division of Biostatistics and Bioinformatics, National Health Research Institutes, Taiwan.

- 01/2001–08/2005, Research Assistant.

EDUCATION

- 08/2005–07/2011, Ph.D., Statistics, Iowa State University, USA.
- 09/1998–06/2000, M.S., Statistics, National Central University, Taiwan.
- 09/1994–06/1998, B.S., Mathematics, National Central University, Taiwan.

PROFESSIONAL PUBLICATIONS

Software Released on CRAN

- 12 pbdR Packages: **kazaam**, **pbdRPC**, **remoter**, **pbdZMQ**, **pbdPROF** (GSoC sponsored (2013, 2014)), **pbdDEMO**, **pbdNCDF4**, **pbdDMAT**, **pbdBASE**, **pbdSLAP**, **pbdMPI**, and **pmclust**.
- 8 R Packages: **float**, **MixfMRI**, **getPass**, **cubfits**, **QZ**, **EMCluster**, **phyclust**, and **MixSim**.

Refereed Papers

[19] **Chen, W.-C.**, Li, H., Wang, C., Lu, N., Song, C., Tiwari, R., Xu, Y., and Yue, L. (2021), "Evaluation of Diagnostic Tests for Low Prevalence Diseases: A Statistical Approach for Leveraging Real-World Data to Accelerate the Study," *Journal of Biopharmaceutical Statistics*. PROFESSIONAL SERVICES

FDA Advisory Committee

- Member of Review Team for General Issues Panel: "Clinical Evaluation of Anti-Hypertensive Devices," Circulatory System Devices Panel Meeting, Dec. 5, 2018. (Executive Summary, Presentation, Panel Questions, and 24 Hour Summary) (Public Media)

FDA Office of the Chief Scientist (OCS) Intramural Grant Proposal Review

- *Office of Women's Health (OWH) Intramural Scientific Research Funding Proposal* (FY2020).

Journal Editorship

- 07/2018–present, Associate Editor, *Statistical Analysis and Data Mining: The ASA Data Science Journal*.

Journal Manuscript Reviews

- *Journal of Biopharmaceutical Statistics* (2021, 2020 ($\times$3), 2019).
- *The R Journal* (2021, 2019 ($\times$2), 2018).
- *Statistical Analysis and Data Mining: The ASA Data Science Journal* (2021, 2020 ($\times$2), 2019 ($\times$3), 2018).
- *Statistics in Biopharmaceutical Research* (2021, 2015).
- *Statistics in Medicine* (2019, 2018).
- *Psychological Methods* (2018 ($\times$2)).
- *Journal of Computational and Graphical Statistics* (2018).
- *Pharmaceutical Statistics* (2017, 2016 ($\times$2), 2015).
- *Methods in Ecology and Evolution* (2015 ($\times$2), 2011).
- *Journal of Statistical Software* (2015, 2012).
- *Technometrics* (2013).

Conference Manuscript and Poster Reviews

- *Biopharmaceutical Section Joint Statistical Meeting Poster Competition* (2016 ($\times$2), 2015 ($\times$4)).
- *IEEE International Conference on Networking, Architecture, and Storage* (2012).

Conference Organizing Activities

- Session Organizer: "From Bayesian Statistics to Machine Learning and Artificial Intelligence: Innovation and Adaptation of Safety Assessment," 2018 ASA Biopharmaceutical Section Regulatory-Industry Statistics Workshop, Washington, DC, USA.
- Session Chair: "Clustering Methods for Big Data Problems," Section on Statistical Learning and Data Science, JSM2017, Baltimore, MD, USA.
- Session Organizer: "Personalized Medicine: How Bayesian Subgroup Analysis Plays Its Role," 2016 ASA Biopharmaceutical Section Regulatory-Industry Statistics Workshop, Washington, DC, USA.
- Session Chair: "Dimension Reduction and Semiparametric Modeling," IMS, JSM2011, Miami Beach, FL, USA.

TEACHING & MENTORING EXPERIENCE

Tutorial and Short Courses

5. **Chen, W.-C.** (2020), "General Statistical Issues in Designing Superiority and Non-inferiority Randomized Controlled Trial," Introductory Statistics Short Course for OHT2 (Office of Cardiovascular Devices), Lecture 3, FDA/CDRH, Silver Spring, MD, USA.
4. **Chen, W.-C.** (2019), "Pooling Data and Meta-analysis," Statistics for Clinical Trials with Application to Medical Devices, Session 5 Lecture 9, FDA/CDRH, Silver Spring, MD, USA.
3. **Chen, W.-C.** (2017), "Pooling Data and Meta-analysis," Statistics for Clinical Trials with Application to Medical Devices, Session 5 Lecture 8, FDA/CDRH, Silver Spring, MD, USA.

2. Ostrouchov, G. and **Chen, W.-C.** (2017), "Essentials of High Performance and Parallel Statistical Computing with R," Continuing Education Course, JSM2017, Baltimore, MD, USA.
1. **Chen, W.-C.**, Zaretzki, R., and Gilchrist, M. (2014), "Fitting Complex Mixed Models using HPC," NIMBioS Tutorial (Computing in the Cloud: What Every Computational Life Scientist Should Know), University of Tennessee, Knoxville, TN, USA.

Mentorship and Student Supervision

8. Chunxiao Wang, Stat PhD, Oregon State University. 2017 Summer at FDA/CDRH/OSB/DBS.
7. Baosheng He, Industrial Engineering PhD, University of Iowa. 2016 Summer at ORNL/JICS.
6. Yuping Lu, EE&CS PhD, University of Tennessee, Knoxville. 2016 Summer at ORNL.
5. Christian Heckendorf, CS MS, Boston University. 2014 Summer at Google Summer of Code.
4. Gaurav Sehrawat, BS, Jaypee Institute of Information Technology, India. 2013 Summer at Google Summer of Code.
3. Cristian Capdevila, CS BS, University of Tennessee, Knoxville. 2012 Summer at ORNL.
2. John Aidoo, Applied Stat MS, Wright State University. 2010 Summer at Iowa State University.
1. Benjamin Deonovic, BCB&Math BS, Iowa State University. 2010 Summer at Iowa State University.

HONORS & AWARDS

6. 2020 FDA Scientific Achievement Awards: Excellence in Analytical Science Group Award for "RWE Methods Group" with Heng Li, Nelson Lu, Ram Tiwari, Chenguang Wang, Yunling Xu, and Lilly Yue. (Public Media)
5. 2016 Significant Event Award (SEA) at the Oak Ridge National Laboratory for "Harnessing HPC Capability at OLCF with the R Language for Deep Data Science." (Public Media)
4. 2011 Vince Sposito Award for Excellence in Statistical Computing, Department of Statistics, Iowa State University.
3. 2011 ASA Statistical Learning and Data Mining Student Paper Competition Award.
2. 2010 Preparing Future Faculty, Iowa State University.
1. 2009 ASA Statistical Computing/Statistical Graphics Student Paper Competition Award.

COMPUTER SKILLS

- **Statistical Software**: R, JAGS, WinBUGS/OpenBUGS.
- **Programming Languages**: C, Fortran, Perl.
- **Web Development Tools**: PHP, Html, CGI.
- **Database**: MySQL.
- **Operating Systems**: Linux/Unix, Solaris, MS-Windows.
- **Parallel Computing Libraries**: OpenMPI, MPICH, MS-MPI.
- **Network Related**: Apache, SSL, Samba, NFS, NIS, SSH, ZeroMQ.

- **Others**: TeX/LaTeX, Shell Script, vi, Word, Excel, PowerPoint.
